VERY IMPORTANT
PRE –WATER CONNECTION CHECK

ALWAYS make sure all faucets are closed before a department employee turns the water on at the meter.

Someone must be present before the water will be turned on.

If the water is turned on and a faucet or valve is open or there is a broken pipe, the possibility of property damage exists. VBMU is not responsible for damages.

Thank you for your cooperation, if you should have any questions please call 479-474-5067.
